

## Embassy event with Brazil

The Brazilian embassy visited SOMOS Int'l School and shared their time with the students and their families. Everybody enjoyed the day. And the students discovered many more new things!

After the introduction, children made Brazilian jester crowns and a soccer ball shaker. The dangling ears wiggled as they danced Samba along with upbeat Brazilian music!

Mr. Paulo Fernandes, head of the Brazilian Community Section of the embassy, Mrs. Yukie Watanabe,

Mr. Victor Bahia Diniz, and Mrs. Viviane Flopes Diniz were the four guests for this event. Since the students had been studying about Brazil for the past two months, they presented their works in front of all the guests. Students from the media class interviewed the four diplomats about Brazil, too.

(Check the school website /<http://somos-inter.com> /for the more information.)

TORI the catering café in Naka-Meguro prepared some delicious dishes using Brazilian ingredients requested by the Embassy. All the guests enjoyed the rich taste of the Brazilian food as well as the cultural aspects!
